

Buffalo, Dec. 15. 1853.

Dr. Sir,

Permit me to introduce
to your acquaintance the name
Dr. Albert J. Meyer of this
city, who waits at Luck for
the purpose of being examined
by the Medical Board.

I have been so much ab-
sent from the city for several
years past, that my personal
acquaintance with Dr. M.
is slight, but I have from
unquestionable sources that he
stands high, very high, for
one his age, professionally &

morally, and I trust will
that his examination will
satisfy you of the former.

Respectfully yours
Millard Gilmore

Dr. R. C. Wood
U. S. Surgeon.
